Mail Order Form

Thank you for your interest in Flinchum Photography prints. For your convenience all prints are also available online at www.flinchumphotography.com. We offer two types of prints; Ink Jet and Ilfo-Chrome.

Ink Jet Prints:

Custom printed 8x10 Ink Jet Prints which are all signed by the artist. The price is \$50.00 per print and includes shipping. This is a very economical way to collect photography.

Ilfo-Chrome Prints:

Ilfo-Chrome prints are high quality direct prints of slides. The process is based on the principal of color bleaching (Three layers: yellow, magenta and cyan). During the process the three colors are chemically dissolved according to the amount of metallic silver which arose during the development. The used pigments in this process are very stable and very much resistant to light - an extra advantage of this procedure (the colors will remain the same for more than 100 years!). These high quality are all signed by the artists and are available in either 11x14 for \$250.00 or 16x20 for \$325.00.

Standard shipping FREE with all orders! - Call or email for other shipping options and costs
